

About 25-Hour Pass

The 25-Hour Pass is a ticket containing 25 one-hour passes. When you first pass through the gate, one hour is deducted from your IC lift ticket, leaving you with “24 hours remaining.” For one hour after deduction, you can pass through the gate as many times as you like. Thereafter, one hour is deducted each time you pass through, allowing you to use a total of 25 hours.

For example, if you purchase a ticket and first pass through the gate at 9:00, one hour is deducted, allowing gate passage until 9:59. Since you might still be skiing at 10:00, if you pass the next gate at 10:20, another hour is deducted, allowing you to pass through the gate until 11:19. After skiing for the full hour following a gate pass, no further time is deducted until your next gate pass, so you can take your time during non-skiing periods, such as for a leisurely lunch break.
